c. consumer: a party ("other party") who is a natural person not acting in a professional or commercial capacity.

d. lot: one or more movable items to be auctioned, either with or without an auction number.

e. hammer price: the amount of the highest bid for which the lot is sold by the auctioneer.

f. purchase price: the amount of the highest bid plus 20% for bids made in writing, by telephone or in the auction room (or a higher or lower percentage announced by Winefield's Auctioneers prior to the auction) as buyer's premium for Winefield's Auctioneers. A buyer's premium of 22% applies to LIVE online bids. A buyer's premium of 20% applies to TIMED online bids. The buyer's premium includes Dutch VAT.

g. margin scheme: In accordance with the so-called margin scheme, VAT is due only on the buyer's premium and any other charges. VAT is included in the buyer's premium referred to in these conditions. Buyers who are eligible to opt for this scheme may ask to have VAT charged on the hammer price as well. The hammer price of lots imported from outside the European Union is always subject to VAT.

3.3 Buyers or prospective buyers must register with Winefield's Auctioneers before the start of the auction and must provide proper proof of identity, in default of which Winefield's Auctioneers may refuse them the right to participate in the auction.

4.11 Winefield's Auctioneers will determine whether an error was made in making a bid such that the bidder will not be held to his bid. Buyers or prospective buyers cannot derive any rights from the decision of Winefield's Auctioneers in this regard.
4.12 The buyer or prospective buyer who makes the highest bid will be deemed to be the buyer after the items have been knocked down to him. In the event of a difference of opinion between buyers and/or prospective buyers, Winefield's Auctioneers will decide in the form of a binding opinion who must be deemed to have made the highest bid, without buyers or prospective buyers being able to derive any rights in respect of Winefield's Auctioneers.

5.5 Title to the purchased items is transferred to the

buyer or prospective buyer at the time of purchase within the meaning of clause 6.1 of these conditions, but not until the buyer or prospective buyer has paid the full purchase price to Winefield's Auctioneers as well as any sums due pursuant to default on his part.
5.6 All time periods which the buyer or prospective buyer must observe must be regarded as deadlines, meaning that the buyer or prospective buyer will be in default with no notice of default being required if such periods are exceeded.

Clause 6: Purchase; termination
6.1 The buyer or prospective buyer is obliged to take possession of the items purchased at the time and place determined by Winefield's Auctioneers , and in the absence thereof, within the period stated in the auction catalogue, on presentation of proper proof of identity. The delivery of the purchased items takes place by taking possession of them. The buyer or prospective buyer takes possession of the purchased items by collecting them. The buyer or prospective buyer cannot take possession until the full purchase price and any other charges due have been paid by him. If the buyer or prospective buyer refuses to take possession or fails to provide information or instructions that are necessary for him to take possession, the purchased items will be stored by Winefield's Auctioneers for the risk of the buyer or prospective buyer. In that case the buyer or prospective buyer is obliged to pay to Winefield's Auctioneers all additional costs, including in any case the costs of storage.
6.2 When taking possession of the purchased items, the buyer or prospective buyer must observe the necessary caution and comply unconditionally and in full with the instructions issued by or on behalf of Winefield's Auctioneers. The buyer or prospective buyer is liable for any damage caused in the context of taking possession of the purchased items and indemnifies Winefield's Auctioneers against claims of third parties in this regard. The buyer or prospective buyer is obliged to provide security to Winefield's Auctioneers immediately on its request for the event that damage is caused in the context of taking possession of the purchased items. No interest will be paid on security deposits paid by the buyer or prospective buyer.
6.3 In the event that (among other things) the buyer or prospective buyer does not take possession of the purchased items within the time period fixed for this and/or the buyer or prospective buyer acts contrary to the provisions of paragraph 2 of this clause, the buyer or prospective buyer is automatically in default and Winefield's Auctioneers is entitled to terminate the agreement with the buyer or prospective buyer by means of a written statement and/or to sell the purchased items to one or more third parties. Glossary of Terms

Into Neck:
Normal level for all wines. In wines over 10 years of age, this level suggests excellent provenance. Rarely used, except to emphasize a particularly good fill level when other fill levels in the same lot are less than perfect.

Base Neck:
A common fill level at which many Châteaux release their wine. For wines of any age, this level suggests excellent provenance.

Top-Shoulder:
Again, a common fill level at which many Châteaux release their wine. For wines of any age, this level suggests excellent provenance.

Very High Shoulder:
Acceptable fill level for wines 8 or more years of age. Suggests proper storage conditions throughout its life. Natural occurrence for wines of this age.

High Shoulder:
Usually not a problem for wines in excess of 20 years of age. This level may be caused by easing of the cork combined with natural evaporation. Check the clarity and the color of the wine in the bottle as a secondary indicator of provenance.

High-to-Mid-Shoulder:
Refer to High Shoulder and Mid-Shoulder level descriptions.

Mid Shoulder:
May suggest ullage during the life of the wine due to either easing of the cork or inconsistent storage conditions. Not abnormal for wines 30 or more years of age. As additional indicators of risk, definitely inspect clarity and color of the wine in the bottle, as well as condition of the cork.

Low Shoulder and Below:
Suggests poor provenance. Definitely a risk and generally not saleable, with exception given to rare bottlings and/or labels. Not recommended for consumption.

Wines are described in this catalogue as accurately as possible. Buyers are urged to make allowances for slight variations in ullages and conditions. No guarantee is made regarding provenance, and no returns will be accepted.
