## Château La Croizille – a true pearl in the heart of Saint Emilion

Five hectares in size, Château La Croizille is situated in the heart of the Saint-Emilion vineyards, in the commune of Saint-Laurent-des-Combes. Planted to 70% merlot and 30% cabernet-sauvignon in a clay and limestone soil, the vines benefit from an excellent exposure.

Particular attention was given to the vineyard, which benefits from special care throughout its growth period: vines pruned short, planting grass between the rows of vines, removal of eastern-facing leaves from the vines in June and western-facing ones in September, green harvesting in order to leave no more than 4 to 5 grape bunches on each vine, manual sorting of the grapes at picking in order to bring in only perfectly healthy and ripe grapes.

The vinification which follows brings out the full natural potential of grapes that have been brought to maturity. Finally, it is the quality of the individual vats that determines which proportion of the wine will be chosen to produce the first wine, or, as was the case in 1997, if the entire production will be released under the property's second label. Such practices guarantee that the consumer will always have the very best from Château La Croizille.

Arguably one of the most special wines on earth, this Château is not classed as a Saint-Émilion Grand Cru Classé yet, however it surely has the potential. This is an ideal wine to accomplish your red meat and games dishes with. It also goes really well with a nice cheese platter. This wine can age certainly 15 years.

## Domaine de la Romanée-Conti

The most prestigious wine estate in Burgundy, based in Vosne-Romanée.

'The Domaine', as it is frequently called, is co-owned by the de Villaine and Leroy families and produces only grand cru wines: one white, Le Montrachet, and six reds: Romanée-Conti and La Tâche, Richebourg, Romanée-St-Vivant, Échézeaux, and Grands Échézeaux.

The Domaine is the exception to the law according to which no estate in Burgundy may be named after a specific vineyard. Its wines are notable for their richness and longevity.

Arguably Burgundy's finest producer of red wine. Domaine de la Romanée-Conti, 'DRC' for short, is the benchmark by which most other Pinot Noir producers judge their wines. These magnificent wines; Échezeaux, Grands Échezeaux, Richebourg, Romanée-St-Vivant, La Tâche, Romanée-Conti and the white Montrachet, result from a remarkable confluence of factors: superb, limestone-rich, organically farmed Grand Cru vineyards in the Vosne-Romanée and Échezeaux communes of the Cotes de Nuits; meticulous farming and sorting of the grapes at the winery; and a commitment by management to produce only as much wine as permitted by the most severe quality standards.

Domaine de la Romanée-Conti is not just the superstar of Burgundy; it produces some of the finest wines in the world, and unquestionably some of the most collectable. 'The domaine' releases an assortment case especially for both collectors and consumers to be able to have a taste of; Romanée-Conti and La Tâche, Richebourg, Romanée-St-Vivant, Échézeaux, and Grands Échézeaux.

**Château Rives-Blanques**

The world's first and original brut sparkling wine was discovered by happy accident - or by divine intervention - at a Benedictine monastery in Limoux in 1531, over a century before Dom Pérignon reputedly took the recipe up to Champagne. By the 19th century, Blanquette was enjoying worldwide popularity, from the White House in Washington to the palace of the Czars in St Petersburg. One of its biggest fans was Thomas Jefferson, third President of the United States, author of its Declaration of Independence, and certainly his country's greatest and most famous wine connoisseur. At the time of his death, about 10% of his legendary wine cellar at Monticello was filled with Blanquette de Limoux, the only sparkling wine kept there.

The world's oldest sparkler is still made to this very day only in Limoux, under the strictest AOC rules. Blanquette de Limoux is the oldest appellation in Languedoc-Roussillon, and one of the first in France.

It has the lowest permitted maximum yield of any sparkling wine in the country, and is made exclusively from hand harvested mauzac grapes, a rare grape variety that dates back to the Renaissance and has been growing in Limoux for over six hundred years.

Jan and Caryl Panman left the Netherlands a long time ago to find their luck in the beautiful region of Limoux, filled with Cathar castles, Roman ruins and medieval monasteries. They are involved in every stage of the wine-making miracle at their Château Rives-Blanques.

“ A good value alternative to Champagne – Well Made”

## Domaine Rapatel 'Grand Signature' Costière de Nîmes 2005

Wine makers couple Gérard and Christine Eyraud have about 15 ha under vines southwest of the city of Nîmes. Gérard sells most of his wine as Vin du Pays du Gard, the grand cru wines are labeled "Costières de Nîmes", a wine region in the Camargue, in the South of France.

Gerard and Christine Eyraud have a very independent and individualist philosophy of winemaking, only the vintages which really excite them are bottled as Grand Signature; These wines are unfiltered and unfinned, and are kept in cuve for a couple of years before bottling.

This white wine from Domaine Rapatel is a blend of Roussanne with Bourboulenc and has a taste of apricots, Fennel and some herbaceous highlights. Very pure and crisp with a long finish.

## De Toren Estate in Stellenbosch

De Toren estate is situated in the sun-drenched Polkadraai hills overlooking False Bay, with the magnificent Stellenbosch mountains as backdrop. This estate is crowned as one of South Africa's cult wineries.

Fusion V is the true crown of De Toren cellars. It is named after the 5 classic Bordeaux grape varieties Cabernet Sauvignon, Merlot, Cabernet franc, Malbec and Petit Verdot. The first three are the most important ingredients for this successful blend.

## De Toren Fusion V 1999

Cabernet Sauvignon 56%, Cabernet Franc 20%, Merlot 10%, Malbec 10%, Petit Verdot 4%. All vinified separately, basket pressed and blended after maturation, 12 months new French oak and American 225 litre tight-grained oak barrels. This wine won the gold medal 2001 International Wine and Spirits Challenge.

An intensely aromatic wine. It has a rich, fruitcake-like quality complemented by the toasted oak and vanilla spice character of French and American oak. The palate is fine and silky - with tannins as ripe as smooth. The flavours are multiple and diverse with a balanced melange of creamy red and black berry fruits, minerality and floral and peppery spices. Great vital acidity, medium weight and dense concentration of fruit in the mouth. The wine should repay the 11 years of ageing!

### Neck:

Normal level for all wines. In wines over 10 years of age, this level suggests excellent provenance. Rarely used, except to emphasize a particularly good fill level when other fill levels in the same lot are less than perfect.

### Base Neck:

A common fill level at which many Châteaux release their wine. For wines of any age, this level suggests excellent provenance.

### Top-Shoulder:

Again, a common fill level at which many Châteaux release their wine. For wines of any age, this level suggests excellent provenance.

### Very High Shoulder:

Acceptable fill level for wines 8 or more years of age. Suggests proper storage conditions throughout its life. Natural occurrence for wines of this age.

### High Shoulder:

Usually not a problem for wines in excess of 20 years of age. This level may be caused by easing of the cork combined with natural evaporation. Check the clarity and the color of the wine in the bottle as a secondary indicator of provenance.

### High-to-Mid-Shoulder:

Refer to High Shoulder and Mid-Shoulder level descriptions.

### Mid Shoulder:

May suggest ullage during the life of the wine due to either easing of the cork or inconsistent storage conditions. Not abnormal for wines 30 or more years of age. As additional indicators of risk, definitely inspect clarity and color of the wine in the bottle, as well as condition of the cork.

### Low Shoulder and Below:

Suggests poor provenance. Definitely a risk and generally not saleable, with exception given to rare bottlings and/or labels. Not recommended for consumption.

Wines are described in this catalogue as accurately as possible. Buyers are urged to make allowances for slight variations in ullages and conditions. No guarantee is made regarding provenance, and no returns will be accepted.
